Fountain Pens

Montblanc Noblesse Fountain Pen, Fine Nib

Purchased at Polytechnic Book Store somewhere around 1976-1978

Nib: 14k gold fine (585) or extra fine nib

Nib width: 0.4 mm (measured)

Actual weight with ink: 25 grams

Actual dimensions: 9.2 mm cap, 9.2 mm barrel, 137 mm long

Ink cartridge feed end diameter: 4.2 mm / 6.2 mm

Cartridge Capacity: probably 0.5 ml ?

Evaluation: Thin, lightweight, and it writes smooth. It seems to write slightly thinner than my other fine point fountain pens. Perhaps it is just a little dryer or it is an extra fine nib.

Waterman Hemisphere Essential Black Lacquer Gold Trim Fountain Pen, Fine Nib - S0920610

The Waterman Hemisphere Deluxe white fountain pen is cigar-shaped, thinner at either end with a thicker middle, but overall this is a thin fountain pen.

Capped: 137mm

Uncapped: 120mm

Total Weight: 25g

Nib width (fine): 0.4 mm (gold plated stainless steel nib)

Ink Cartridges:

Intense Black	Short	Long
Audacious Red	Short	
Serenity Blue	Short	Long
Inspired Blue	Short	Long
Mysterious Blue	Short	Long
Harmonious Green	Short	
Tender Purple	Short	
Radiant Pink	Short	

Actual weight with ink: 22 grams

Actual dimensions: 10.4 mm cap, 10.5 mm barrel, 138 mm long

Ink cartridge feed end diameter: 4.2 mm / 6.0 mm

Cartridge Capacity: 1.3 ml

\$105

Evaluation: Thin, lightweight, and it writes smooth. But, not as smooth as the Waterman Hemisphere medium.

Waterman Hemisphere Black Gold Trim Fountain Pen, Medium Nib (S0920630)

Nib width (medium): 0.6 mm (gold plated stainless steel nib)

Actual weight with ink: 22 grams

Evaluation: Thin, lightweight, and it writes smooth.

LAMY Logo Stainless Steel Fountain Pen, Fine Nib (L05F)

Fountain made of stainless steel with brushed finish and spring-mounted steel clip. Cartridge filling system with ink cartridge LAMY T 10 blue (can be modified for use with converter Z 27). Steel nib, polished. Available nib grades: extra fine (EF) / fine (F) / medium (M) / broad (B).

Clear form, great diversity. Its timeless design and high level of functionality makes this pen a reliable companion in any and every writing situation. With spring-loaded steel or plastic clip. Push mechanism with integrated clip/push-button unit. Fountain made of stainless steel with spring-mounted steel clip. Cartridge filling system with ink cartridge LAMY T 10 blue (can be modified for use with converter Z 26). Steel nib, polished.

LAMY converter - Piston operated converter for LAMY fountain pens instead of LAMY T 10 ink cartridges. For all fountain models of the LAMY accent, LAMY cp 1, LAMY dialog 3, LAMY linea, LAMY logo, LAMY pur, LAMY st and LAMY studio range.

LAMY giant ink cartridge - Giant ink cartridge for all Lamy fountain pen models. Package with 5 cartridges. Available in blue washable, black, red, turquoise, violet, blue-black and green.

Nib width (fine): 0.5 mm (stainless steel)

Actual weight with ink: 20 grams

Actual dimensions: 10.1 mm cap, 9.5 mm barrel, 135 mm long

Ink cartridge feed end diameter: 5.3 mm

Cartridge Capacity: 1.3 ml ?

Evaluation: Thin, lightweight, and it writes smooth. It feels a little cheap and it was only \$33.

\$33

Sailor 1911 Mid-Size Black Gold, Fine-Medium Nib

The Sailor 1911 Mid-Size Black Gold is a terrific everyday writer and also one of our favorite pens to recommend to first-time fountain pen users. With its affordable price and superb 14k solid gold nib in your choice of tipping size, this pen serves as an excellent introduction to the world of quality fountain pens.

The 1911 Mid-Size is a cartridge-converter pen which can be filled with bottled fountain pen ink using the provided converter, and can also use Sailor brand ink cartridges.

Closed length 5"
Posted length 5.7"
Barrel length 3.7"
Barrel diameter 0.5"
Section diameter 0.4"
Ink capacity 0.9 ml
Converter capacity 0.5 ml
Pen weight 19.6 grams

Nib width (medium-fine): 0.4 mm (14k gold nib)

Sailor Nibs:
Extra fine: 0.2 mm
Fine: 0.3 mm
Fine-Medium: 0.4 mm
Medium: 0.5 mm
Broad: 0.6 mm

Actual weight with ink: 18 grams

Actual dimensions: 14.2 mm cap, 12.2 mm barrel, 136 mm long

Ink cartridge feed end diameter: 5.9 mm / 6.4 mm

Cartridge Capacity: 0.9 ml

Evaluation: Too fat for my taste, lightweight, not as smooth as the Cross, Montblanc or Waterman fountain pens. Dries a little if not used for a few days.

\$156

Cross Century II Black Lacquer Fountain Pen With 23K Gold Plated appointments, Fine Nib

Embracing both tradition and evolution—the iconic Cross profile takes a broader point of view Century II has the style and grace of the Classic Century, but with a bolder look and wider profile. Its signature Cross design, distinctive finishes, and balanced, weighted feel give a sense of purpose to anything you write.

A bold take on the classic Cross profile
Beautiful precious metal and translucent lacquer finishes to choose from
Precision balanced and weighted for a rich, tactile experience
Presented in a luxury gift box
Lifetime Mechanical Guarantee
A multilayered black lacquer finish with 23KT gold-plated appointments
23KT gold-plated nib adapts to your unique touch
Click-off cap
Specially formulated ink formula flows flawlessly and dries quickly

Includes two black fountain pen cartridges (#8921) that are as neat and easy to use as a ballpoint or a rollerball refill

8921 Black Ink Cartridge
8920 Blue Ink Cartridge
8924 Blue/Black Ink Cartridge

Optional converter available (#8756) to fill pen from bottled ink

Width: 0.43 inches / 10.9 mm
Length: 5.31 inches / 135 mm
Weight: 0.82 oz / 23 grams

Fine nib: 0.4 mm

Actual weight with ink: 23 grams

Actual dimensions: 10.9 mm cap, 9.5 mm barrel, 135 mm long

Ink cartridge feed end diameter: 5.0 mm / 6.2 mm

Cartridge Capacity: 0.5 ml

\$130

Evaluation: One of the smoothest writing fountain pens I've ever owned. It is thin and lightweight.

LAMY Joy Calligraphy Pen 1.9 mm (L15-19), Fine Nib

Beautiful handwriting is an expression of personality and individuality. It is the writer's own, unmistakable hallmark. Handwritten letters, congratulations, invitations, place cards, menus, certificates, programmes and the like invariably seem more personal.

Now there is the ideal writing instrument - the LAMY joy AL, a fountain-pen that inspires beautiful, creative writing. Thanks to its ergonomic design, it sits comfortably in the hand.

Made of plastic with soft black lacquer finish and aluminium cap. Ergonomic grip section and flexible clip of spring brass wire.

Cartridge filling system with ink cartridge LAMY T 10 blue (can be modified for use with converter Z 28). Stainless steel nib with 1.1, 1.5 or 1.9 mm chisel point.

Actual weight with ink: 17 grams

Actual dimensions: 14 mm cap, 12.2 mm barrel, 177 mm long

Ink cartridge feed end diameter: 5.3 mm

Cartridge Capacity: 1.3 ml ?

\$35

Evaluation: Works well as a calligraphy pen.

Visconti Rembrandt Fountain Pen - Blue, Fine Nib

Made from natural variegated resin, the Rembrandt collection emulates Rembrandt's painting technique known as chiaroscuro, with small marblings of light in the resin. The cap uses a simple magnetic closure and features a metal ring engraved with ornamental motifs used by Rembrandt. The Visconti clip represents the historic Ponte Vecchio Bridge.

This blue fountain pen features a stainless steel fine nib. A converter is included, and it also accepts standard international short cartridges.

You can also customize this pen with the magnetized MyPen System. We offer natural stones that you can swap into the finial in place of the Visconti logo coin. If you purchase a stone with this pen, we'll install it for you.

Body Material Resin

Cap Type Magnetic cap

Compatible inks & refills Bottled inks, Standard international short cartridges

Filling Mechanism Cartridge, Converter

Grip Material Metal

Nib Material Steel

Postable Yes

Diameter - Body 12.5mm (0.5in)

Diameter - Cap (without clip) 14.5mm (0.6in)

Diameter - Cap (with clip) 20mm (0.8in)

Diameter - Grip 10.4mm (0.4in)

Length - Body 123.8mm (4.9in)

Length - Cap 65.4mm (2.6in)

Length - Nib 19.5mm (0.8in)

Length - Overall (Closed) 139.7mm (5.5in)

Length - Overall (Posted) 159.2mm (6.3in)

Weight - Body 20g (0.7oz)

Weight - Cap 13g (0.5oz)

Weight - Overall 33g (1.2oz)

Max Ink Capacity - Cartridge 0.94ml

Max Ink Capacity - Converter 1.03ml

Actual weight with ink: 33 grams

Actual dimensions: 14.5 mm cap, 12.3 mm barrel, 140 mm long

Ink cartridge feed end diameter: 4.2 mm / 6.1 mm

\$175 (\$140 from Goulet Pen Company)

Evaluation: This is a beautiful pen. It writes smooth. The pen is fatter and heavier than I like. But, it is made in the town that my family comes from (Florence, Italy). Dries a little if not used for a few days.

Parker Sonnet Black Lacquer with Golden Trim, Fountain Pen, Medium nib S0808710

Model S0808710

Lacquer Gold trim

Freelink technology, well-known for consistent, fluid lines and long-lasting colors.

Precision engineered reliability and smooth performance

Stainless Steel 23 carat gold plated nib

Black finish

Two years international warranty

Evaluation: It writes very smooth. Almost as smooth as the medium.

Meisterstück Gold-Coated Classique Fountain Pen, Fine Nib

Model Number: 106513

S/N MBDG57596

Materials: Resin

Color: Black

Hand-crafted Au585 / 14 K gold nib with rhodium-coated inlay

Cartridge or Converter Fill

Screw Cap (1.25 turns)

The Meisterstück Gold-Coated Classique Fountain Pen evolves into Montblanc's design icon. Cap and barrel are crafted in black precious resin inlaid with a white Montblanc emblem. Three gold-coated rings with embossed Montblanc lettering and a gold-coated clip with individual serial number emphasize the timeless design of the Meisterstück Classique Fountain Pen. This gold-coated fountain pen is designed with a piston converter, allowing for optional use of ink cartridges, and a handcrafted 14-carat gold nib with rhodium-coated inlay. To express your personality, Montblanc offers a gratuitous engraving of names or initials.

Montblanc ink: Mystery Black, Royal Blue, Midnight Blue, Burgundy Red, Lavender Purple, Oyster Gray, Toffee Brown, Irish Green, Corn Poppy Red

\$580

Actual weight with ink: 19 grams

Actual dimensions: 13.2 mm cap, 11.8 mm barrel, 140 mm long

Ink cartridge feed end diameter: 4.2 mm / 6.2 mm

Cartridge Capacity: probably 0.5 ml ?

Evaluation: Ooooooooooh what a fine pen. It writes smooth with a thin line. It forces you to want to write with a fountain pen.

Aurora Ipsilon Resin Fountain Pen - Yellow, Medium Nib

Aurora Ipsilon Resin Fountain Pen - Black, Fine Nib

An innovative line with a strong attitude. The Aurora Ipsilon, with its unmistakably shaped clip, is a loyal everyday companion dedicated to those who work and study. It is made of bordeaux red resin with gold-plated accents and a matching gold-plated steel nib in medium. This fountain pen comes with an Aurora blue ink cartridge and an Aurora converter in a black gift box.

A light and well-balanced snap-cap pen, the Ipsilon is a great every day carry pen. With a toothier nib, this pen is ideal for those who like to feel their pen on the paper.

Pen Model: Aurora Ipsilon

Body Material: Resin

Cap Type: Snap-cap

Compatible inks & refills: Bottled inks, Proprietary ink cartridges

Filling Mechanism: Cartridge, Converter

Length - Cap: 62.2 mm (2.4in)

Length - Nib: 16.6 mm (0.7in)

Length - Overall (Closed): 136 mm (5.4in)

Length - Overall (Posted): 148 mm (5.8in)

Weight - Body: 14 g (0.5oz)

Weight - Cap: 8 g (0.3oz)

Weight - Overall: 22 g (0.8oz)

\$100

Actual weight with ink: 21 grams

Actual dimensions: 14.4 mm cap, 11.0 mm barrel, 136 mm long

Ink cartridge feed end diameter: 5.1 mm / 6.6 mm

Evaluation: Very scratchy pen. Required a lot of micro mesh tuning. There wasn't much of a difference between the fine point nib and the medium point nib line widths. They both required a significant amount of micro mesh tuning.

Micromesh (12000 Grit)

Used by many nibmeisters, Micromesh is an incredibly fine abrasive paper that will help to smooth out the tip of a scratchy nib. This 6"x3" sheet of 12,000 grit Micro-Mesh will be enough to last you years, and will help you save those nibs that made you want to throw your pens away!

Using Micromesh to smooth your nib is a bit of an art form, and may take some practice for you to be able to do reliably. It is possible to overdo it, which could possibly cause permanent damage to your nib that should be repaired by a professional nibmeister. It's always best to take a conservative approach when working with any abrasive on your nib. Use a light touch and be very patient.

Hold your inked-up pen as you normally would, and lightly make figure-8 patterns about 10-15mm tall on a paper of your choice. This will help you to identify what part of your stroke is feeling the deepest scratchy feeling. Have your sheet of Micro-Mesh next to your paper, on a flat and stable surface. Make the same figure-8 pattern on your Micro-Mesh as you did on your paper, applying very light pressure and going fairly slow. If you are able to feel where the scratchy feeling is most prevalent, apply a slightly greater amount of pressure to that part of the stroke of your figure-8 as you're drawing it on your Micro-Mesh. If you need to concentrate the smoothing on one particular part of your stroke, you can stop doing the figure-8 and just go back and forth in the motion that feels the scratchiest. For example, if you know your scratch is felt the worst when you write from right-to-left straight across, you can repeat just this motion on the Micro-Mesh to smooth out just that part. Repeatedly move back and forth between your Micro-Mesh and your paper, to check on your progress and only continue smoothing on the abrasive as long as is necessary to make the scratchy feeling go away. It's best to only do a couple of figure-8's at a time on the abrasive before checking back on your paper.

Goulet and nibs.com, \$6

Evaluation: It works great! I did figure 8s. Then, clockwise and counterclockwise circles at different angles. Use is for 30 seconds or less. It appears to make the pen write a little thicker.

Common types of Fountain Pen Cartridges

INTERNATIONAL SIZE INK CARTRIDGE REFILL

The smaller, international size ink cartridge is an adaptable fit for most cartridge or converter filling fountain pens. The slightly tapered end of the cartridge sports a collar and small bubble that is punctured when the cartridge is inserted into the front section of the fountain pen. The opposite end is usually white or an opaque material. It is common practice to "piggyback" these size cartridges inside the barrel of the pen to ensure proper fit and a readily available replacement. "Piggybacking" a cartridge involves inserting one cartridge to write with and putting another cartridge in the bottom of the pen barrel as a reserve and to keep the active ink cartridge securely in place.

Pen Brands that fit International Size ink cartridge Refills : Aldo Domani, ACME, Aurora, Bexley, Brossert & Erhard, Caran d'Ache, Colibri, Conklin, Conway Stewart, Delta, Diplomat, Edison, Elysee, Faber Castell, Foray Focus, Hauser, Inoxcrom, Itoya, Jac Zagoory, Jean Pierre Lepine, Krone, Libelle, Marlen, Metropolitan Museum of Art Pens, Montegrappa, Monteverde, Nettuno, OMAS, ONLINE, Pelikan, Porsche Design, Retro 51, Rotring, Schmidt, Schneider, Sensa, Taccia, Visconti, Waterford, Waterman, Yafa, Yard-O-Led.

Cross Standard Fountain Pen Ink Cartridge

Waterman Fountain Pen Ink Cartridge

Sheaffer Fountain Pen Ink Cartridge

Parker Fountain Pen Ink Cartridge (also compatible with Aurora pens)

Pilot / Namiki Fountain Pen Ink Cartridge

Standard (International) Schmidt Cartridge Converter

This size converter is most common to fit full-size fountain pens. The Standard Converter looks like an empty ink cartridge that has a turning mechanism on the one end. Screwing the knob will raise and lower the plunger to draw up / expel ink from the converter. The one compatibility issue that may lead to a misfit (and inky hands) is the collar that fits to the front end of the fountain pen.

Pen Brands that fit Schmidt Converter : ACME, Conway Stewart, Delta, Edison, Laban, Libelle, Metropolitan Museum of Art, Monteverde, ONLINE, Pelikan, Retro 51, Sensa, Taccia, Waterford

Standard Fountain Pen Converter : Schmidt, Parker, Pelikan, Visconti

Rollerball Pens

Rollerball pens tend to write a little smoother than fountain pens, but don't have as large a selection of ink colors, especially in fine point.

Montblanc Meisterstück Classique Gold Rollerball (12890)

Refills:

105162	F	Mystery Black
105163	F	Pacific Blue

\$65

Evaluation: Thin, lightweight, and it writes smooth.

Cross Ballpoint Pen Refills

A Ballpoint pen uses a small rotating ball made of carbide to disperse ink as you write. This ball acts as a buffer between the material you're writing on and the ink inside the pen. The ball rotates freely and rolls out the ink as it is continuously fed from the ink reservoir. Ballpoint Pens are not capped, but instead retract and store via a rotating mechanism in the barrel. Low maintenance and easily refillable, the Ballpoint Pen is the option for the everyday pen user.

8101	Black	Broad
8513	Black	Medium
8514	Black	Fine
8100	Blue	Broad
8511	Blue	Medium
8512	Blue	Fine
8515	Red	Medium

Pen Storage

If a fountain pen is stored vertically with the nib up and not used for a week or so, the ink will likely flow backward and the nib will dry. It may require running the nib over warm water to get the ink flowing again. The solution is to store fountain pens horizontally when not in use.

Staples Inkjet Paper, 8 1/2" x 11", Bright White

Item # 733332

This inkjet paper makes both black-and-white and color documents stand out

Ensure your documents come out exactly as intended using paper. Designed specifically for use with inkjet printers, this bright white paper offers high-contrast black-and-white prints as well as vibrant color prints, making it an excellent choice for both home and office use. This acid-free paper doesn't crumble or yellow with age, making it suitable for a wide array of print jobs. Certified by FSC as a sustainable product, this paper helps you do your part to help the environment.

8.5" x 11" U.S. letter-size sheets

Made from 24-pound stock for durable prints

Brightness of 100 ensures high-contrast, vibrant printsDesigned for use for both black-and-white and color inkjet printing

Acid-free construction to aid longevity

FSC Certified to ensure the health of the world's forests for future generations

98 bright

500 sheets/ream

Acid free, archive safe - won't yellow or crumble over time

Ideal for inkjet printing

Get the crisp, high-contrast black-and-white prints you need for interoffice documents with this inkjet paper. The substantial weight of each sheet, combined with its brightness, allows you to create professional-level contracts, memos and letters directly from your desktop computer, so clients and colleagues know that you mean business.

Sustainable Solutions

Help your company meet its sustainability goals by using this paper. Certified by the Forest Stewardship Council (FSC) and endorsed by the Rainforest Alliance, this paper meets stringent requirements for responsible use of resources during manufacture. The easy-tear ream keeps this 500-sheet ream clean and tidy until ready for use, helping you prevent waste.

Substantial Weight

Enjoy high-quality prints designed to stand the test of time with this bright white paper. Its 24-pound weight feels substantial in your hand, allowing you to project a professional face to the world. Manufactured with acid-free materials, this paper doesn't yellow or crumble with time, making it a nice choice for archiving documents and other information.

Flexible Uses

Give your small or home business an edge using this office paper. Print vibrant color documents for use in presentations or projects to get your firm a step ahead of the competition. Perfect for customer mailings or for use in desktop display stands for promotional material, this paper lets you create custom information designed to draw in customers.

The HP and Staples 24 pound bright white ink jet paper, sold is actually quite good.

\$12.49 / ream

HP Bright White Inkjet Paper, 8-1/2" x 11", Ream

This HP bright white inkjet paper prints high-quality documents

This HP bright white inkjet paper is acid free to prevent yellowing and crumbling. This moisture- and curl-resistant paper helps to produce professional looking documents and outstanding image quality.

Media dimensions: 8.5" x 11"

Brightness: 97 (GE brightness), Whiteness: 160 (CIE whiteness)

Print technology: Inkjet

Thickness: 4.8 mil, Opacity: 94, Smoothness: 140

Ideal for proposals, presentations, flyers, newsletters and other color-intensive documents

24 lbs. paper weight

Delivers faster drying, smear-resistance, bolder blacks and brighter colors

Sheets per package: 500

97/109+ US/Euro brightness rating

Scientifically formulated to help inkjet printers produce their brightest, most intense colors

Get clear, sharp text and more vibrant colors

Affordable, bright white, opaque paper that provides maximum contrast and minimal bleed

Features ColorLok® Technology for faster drying, bolder blacks and vivid colors

The HP bright-white inkjet paper is specifically designed to work with inkjet printers, producing high-quality documents. Whether you use it for everyday printing or for those important business presentations, you'll get the same great results.

Bold, Vivid Color

The HP bright-white inkjet paper features ColorLok technology, so it dries faster, producing bold, black text and rich, vivid colors. Quick drying also reduces the chances of smudged ink, so you don't have to worry about ruining your reports.

Heavy-Duty Printing

The HP bright-white inkjet paper is a sturdy, 24-pound bond paper, so it stands up to heavy printing that requires a lot of ink. You can even print on both sides of the paper without worrying about bleedthrough. For printing important photos, the HP Premium Plus photo paper is also a good option.

Acid-Free Paper

The HP bright-white inkjet paper is also acid free, so it won't turn yellow or become brittle over time. You can confidently store your paperwork and know that it'll still be readable when you need it in the future.

The HP and Staples 24 pound bright white ink jet paper, sold is actually quite good.
